

August 20, 2018

Dear Valued Customer,

Thank you for your request regarding our current ISO 9001: 2008 Certification. Effective September 14, 2018, Tompkins Industries Inc., will no longer utilize a third-party registration agency to certify our Quality Management System.

Tompkins will instead maintain and self-certify the same Quality Management System we have had in place since November 5, 2001. Please feel free to contact us with any further questions or concerns regarding this matter.

Sincerely,

A handwritten signature in blue ink that reads "Bill Longfellow".

Bill Longfellow
Quality Control Manager
Tompkins Industries, Inc.
